-HELLO-

Summer holidays are a valuable time for children to relax, explore, create, and grow in their own unique way. With your consistent support and involvement, this period can be effectively utilised to foster your child's holistic development !

TO INSTIL SOCIAL SKILLS:

- Speak politely and share with your peers.
- Pay attention to elders when they give instructions.

INDEPENDENT ME

Children are born with natural curiosity and inquisitiveness about the world around them. It is important for us to help them keep this spark alive and make learning fun.

HERE ARE SOME ACTIVITIES GIVEN TO HELP YOUR CHILD BECOME INDEPENDENT AND CONFIDENT.

FILLING THE WATER BOTTLES

BUTTONING AND UNBUTTONING

PUTTING ON THEIR SOCKS AND SHOES

KEEPING BELONGINGS BACK TO THEIR PLACE,

ENCOURAGE YOUR CHILD TO HAVE THEIR MEAL INDEPENDENTLY

Communication skills play a pivotal role in grooming the overall personality of a child. Let's motivate them to converse in English so that they become acquainted with the language.

USE THESE SENTENCES REGULARLY:

- Good morning/ Good afternoon.
- May I quench my thirst?
- Please open/close my tiffin/ bottle.
- I have finished my food.
- I have done my work.
- May I ease myself?
- Excuse me.
- Thank you very much.
- I am sorry.
- I am reading a book.
- This is my toy.
- I am getting ready.
- I am brushing my teeth.
- I can write.
- I can read.
- The sun is bright.
- It is a hot and sunny day.
- The flower is pretty.
- I am happy
- I am sad.
- I am angry.
- I am scared.

Learn 1 new word everyday

Children can read pictures promptly, so the goal is to build observation, language and imagination. Start by choosing a bright, simple picture book. Sit with your child, let them explore the pictures and ask simple questions.

- What do you see in the picture?
- Who is this?
- What is the boy doing?
- Name the animal that you see in the picture.

Let's Play The Memory Game

Instructions for parents :

NOTE- Click the pictures of your child while doing the memory game. Capture the moments in a small summer memory scrapbook (A4).

- Place **5–6 picture cards or toys** of animals, birds, fruits, vehicles, shapes, etc. on a table.
- Ask your child to **observe and remember** the items for 30 seconds.
- **Cover the items** or ask the child to close their eyes.
- **Remove** one item.
- Ask the child: **“What’s missing?”**
- **Repeat** the game with **different items.**

SHOW AND TELL

Make your child learn four simple lines on his or her favourite toy. The child has to perform in front of the class after the vacation.

FINE MOTOR SKILLS ACTIVITIES

- 1. Sorting Activity-** Give your child a small bowl filled with mixed pulses like kidney beans (rajma), chickpeas (chana). Ask the child to sort the pulses based on their colour, size, and shapes - for example, keep kidney beans in one bowl and chickpeas in another.
- 2. Pouring Activity-** Let your child pour water from one glass to another.
- 3. Threading and beading activity-** It is a fun hands-on activity where children pass beads through a string or a lace. It helps develop control of small hand muscles and improves coordination.
- 4. Sticker Fun Activity-** Assist your child to peel stickers and paste them on paper. It may look easy, but it greatly helps in developing fine motor control and coordination in young children.
